Subject: RE: Lysing solution

Dear Dr. Devesh Khare,

Thank you for your inquiry.

The VersaGene RNA(tm) Purification reagents use novel and proprietary formulations that eliminate the use of hazardous materials, including chaotropic reagents.

Please feel free to contact me at diane.kotys@gentra.com or 800-866-3039 if I can be of any further assistance.

Kindest regards,

Diane Kotys

Subject: Lysing solution

Please provide information of the individual contents of RNA Lysing solution. Is this solution free of a strong chaotropic substance? I will appreciate this information immediately if possible, will be useful in the examination of a patent application.
Thank you.
